

## **FIRE DISTRICT NUMBERS HAVE CHANGED**

### **What is changing?**

All District voice phone lines have been changed. These phone numbers include all fire stations and the administration building.

### **Why is this happening?**

By utilizing a new phone system, the District will save money over the next 10 years by reducing reoccurring communication costs.

The changes will also streamline communications between personnel stationed throughout our District.

The new system also offers increased capabilities during times of extreme emergencies. In cases of Emergency Operations Center (EOC) activation, all District phone lines can be pooled into the EOC.

### **What are the new phone numbers?**

Please write down these new numbers and make note of all changes.
